ABOUT THE B.S.F.C.

The B.S.F.C. is a club that was originally thought up by Steve Kast and Steve Voges. It's main purpose at that time was to make fun of Bruce Smith, (in order to ruin his reputation of being great and fantastic). Since then it has expanded into a great big joke and also into a group of people that sometimes get together to have fun. The B.S.F.C. is also a means of distributing Bruce Smith products, such as the magazines he puts out every once in a while, magic, etc. Members of the B.S.F.C. get discounts on these things. All money made by the B.S.F.C. pays for these things and any extra money made will go back into the B.S.F.C.

MEMBERSHIP

The membership fee is 86¢ and every six months after that you need to pay 75¢ to keep in the club. If at any time you wish to resign from the B.S.F.C. you must tell Bruce Smith.

There is a small initiation thing that you must do to become a member of the B.S.F.C., and that is to drop a cookie on the ground, pick it up, and eat it.

When you become a member you get:

1. A membership card.
2. A handbook, (that's what this is).
3. A badly forged autographed drawing of Bruce Smith.
4. A piece of Bruce's steel wool hair.
5. A free pencil that Bruce has personally stuck up his nose.
6. For the girls- a drawing of Bruce in his gym shorts.

INFO ABOUT BRUCE

If you tell someone that you are a member of the Bruce Smith Fan Club they will probably say, "Who's Bruce Smith?", or "Oh you mean Smith, that funny looking guy that tells bad jokes." Of course we don't like that type of reaction, do we? Anyway, here is some info about Bruce:

Bruce Smith was born. He has 132 twin brothers, most of them don't look like him, (thank goodness).

Bruce also does not have much of a brain, he has enough to enable him to crawl around, see, and smell, (his nose doesn't work, it's just that he never takes baths). Then, you may ask, how does he think up all the brilliant things he does. Well, in that big head of his are apartments for spiders. These spiders give Bruce all of his ideas and jokes. Must be sick spiders, huh?

About Bruce's hair, many people say that it looks like steel wool. As a matter of fact it is. He lost his real hair while doing his famous imitation of a candle.

Bruce also has a teddy bear by the name of Ralf. Ralf is a cool little bear who likes John Denver. Along with Ralf is a tribble. For those of you who don't know what a tribble is, it's a furry little animal from Star Trek. The tribble can do tricks and she also has 3 babies, with the names Tic, Tac, and Toe.

That is basically Bruce's life story, except for what is to come.
